Date	1 October 2022
Team ID	PNT2022TMID00994
Project Name	Project – University Admit Eligibility Predictor

MILESTONE AND ACTIVITY LIST

PLANNING
Preparing all the implementation-related modules and features.

DESIGN
We create all the modules, including the login page, dashboard, academic information form etc.

TESTING
We will test the model, and if there are any issues, we will troubleshoot them.

REQUIREMENTS
We made a decision on the software and tools we would need and installed the necessary resources.

DEVELOPMENT
We will create a predictor using the student's academic information and the prior dataset. We deploy a prediction algorithm in this step.

DEPLOYMENT
In this phase, we upload the project to GitHub.
